PROFESSIONAL SEATING

## INSTITUTION

# MICRO

## MICRO ALU

The Micro stool is our absolute all-rounder, highly appreciated among kindergarten teachers, who so often have to work at eye-level with the children. The chair is light in weight and easy to move.

The seat is pleasantly soft and the perfect place to sit - either for the short moment, in order to tie the kiddies' shoelaces, or for longer, when it is time for story reading.

The chair is available in several fabrics and colours. For use in institutions, we recommend our imitation leather, which is very durable and easy to clean.

Seat diameter: 32 cm

# PILATES

## PILATES AIR SEAT

The idea of the Pilates air seat stool from Global Stole developed in the world of sports. – The desire to combine activity and rest in a carefully thought-out way, ensuring the best possible conditions for a top performance. In other words, to achieve balance in your body at work!

The Pilates air seat stool offers the same effect as the Pilates ball, as the seat consists of a ball cushion. It requires the body to “concentrate on sitting”, and thus it strengthens muscle groups in the back and lumbar region and keeps them active while you are sitting.

As standard, the Pilates Air Seat school model has glides instead of castors.

**Foot ring, ø410 mm, Black, must be ordered separately, item no. 625001**

## PILATES AIR SEAT

- Item no.: 45 2 242 2 0
- Seating height: 52-71 cm
- Alternative seating height, low: 43-56 cm

- Seating height: 52-71 cm
- Alternative seating height, low: 43-56 cm

# PILATES

## PILATES AIR SEAT

This stool ensures a healthy, strong back, as it trains the back musculature. The ball cushion is made of rubber and upholstered with fabric, such as imitation leather.

The seat base is available in two materials: Wood or Plexiglas. Both types have a ring for adjustment of the sitting height.

- Air cushioned seat with fabric or imitation leather
- Seat diameter: 33 cm
- Base, ø500 mm, aluminium
- Castors, ø65 mm, easy rolling, two with brake

# TABLE AND BENCH

## NATURE FOLD-OUT SET

The flexible way to get extra seat and table space. Perfectly suited for e.g. schools, hospitals or other institutions where corridors normally do not leave much space, but where this set of table with benches can be folded out when required.

Mounted with a high-quality gas spring for smooth operation, and prepared for a safety lock that prevents the table from unfolding unexpectedly. Solid frame of powder-painted steel (RAL9006), and strong 25 mm thick laminated MDF-boards with rounded ends.

Lockable

Seating height: 450 mm  
Table height: 730 mm

- Item no: 801872
- Total length: 1230 mm
- Total width: 1345 mm
- Table top: 1100 x 600 mm
- Seat: 1100 x 300 mm

# FACTS + COLOURS
