

Mounting instruction
Nest seat

→
Step 1: Insert the 4
end plugs in the steelframe

←
Step 2: Place steelframe on the
seat.

→
Step 3: Place plastic bracket "1"
where you see "1" on the seat and
continue with bracket no. 2, 3 and
4.

←
Step 4: Insert first the lower screw
on "1+2", as on image.

→
Step 5: Then insert the upper
screw on "1+2", as on image.

←
Step 6: Insert screw attaching cap
no. "3" and "4".

←
Step 7: Place plastic cap on adjustment handle.

Step 7: When all 4 plastic brackets are attached, the seat is ready to mount on the base and gas spring.
